# SFC = Shop floor control

- ◆ Real-Time Visibility / Control
- ◆ Increase Productivity / Efficiency
- ◆ Speed On-Time Deliveries
- ◆ Simplify and control incentive pay
- ◆ Plan and Schedule in real-time

# SFC

shop floor control **live in action**

# Software = Fast ROI

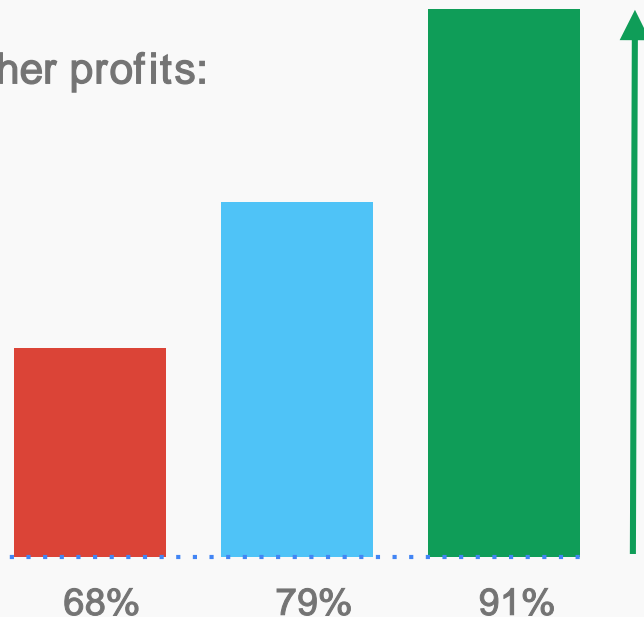

Companies working with a modern software system realize higher profits:

Full visibility from **order > manufacturing > delivery > cash**

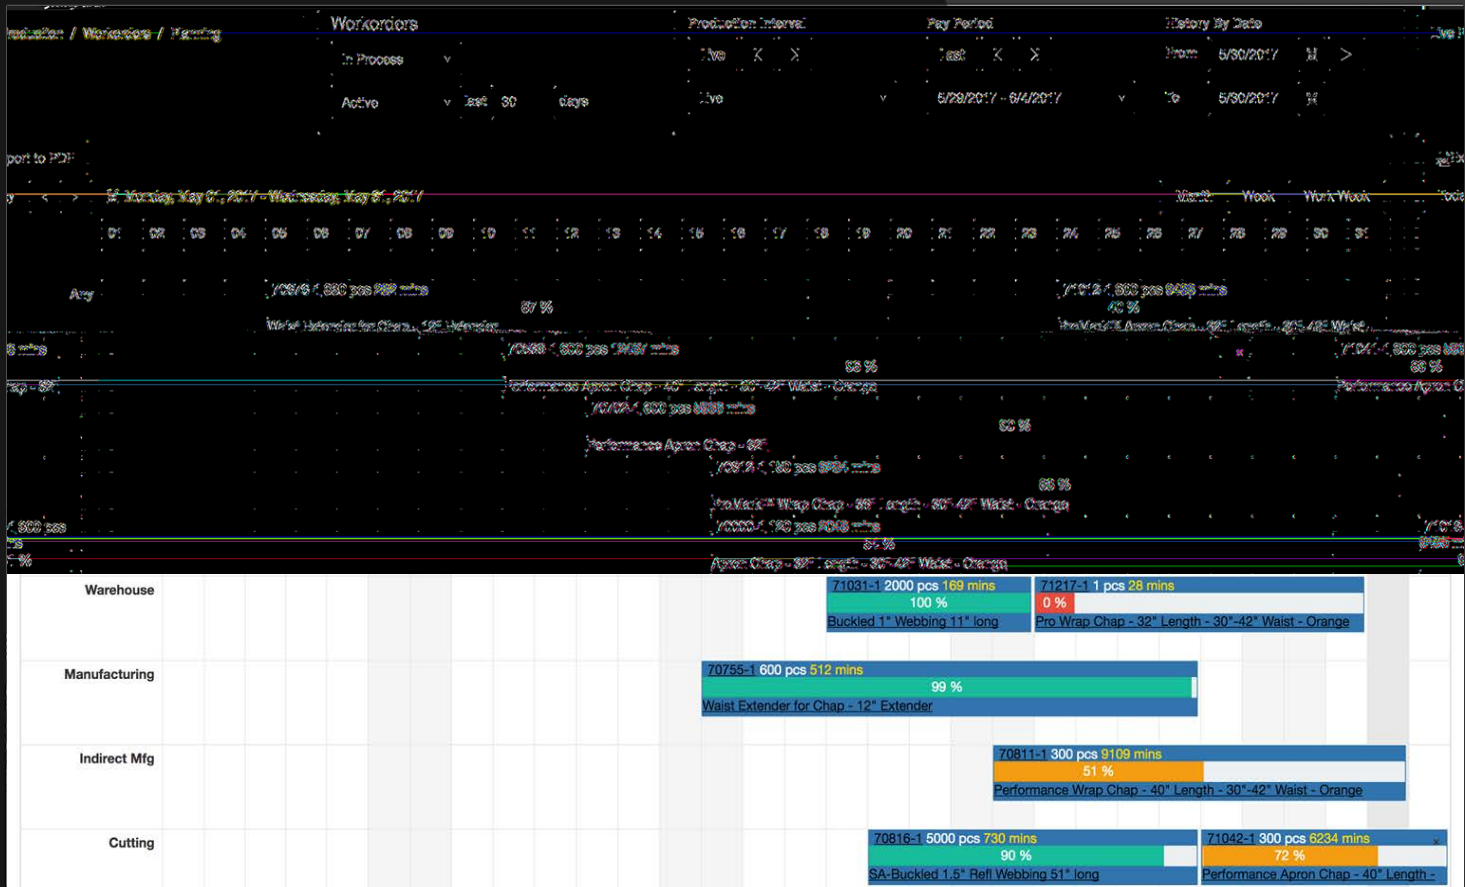

Higher productivity = increased sales

Reduced costs & inefficiencies

Improve customer satisfaction

# Visibility

# The modern connected platform

a fully integrated business software solution is key in today's fast-paced environment in staying competitive, improving productivity and reducing costs. Connectivity empowers companies to gain **visibility** and manage every aspect of their **order-design-to-delivery-cash** operations.

This next-generation technology requires **less time**, money, and resources to setup and maintain; resulting in faster speed to benefits and lower total cost of ownership.

...TO CASH
